Petition to Have "Eternity eau de parfum" Misbranded

Dear Sir or Madam:

In May, 1999, the Environmental Health Network (EHN) submitted the above petition to have Calvin Klein's "Eternity eau de **parfum**" declared misbranded. I am writing because I fully support this petition and request that the FDA give it careful attention with regard to your regulations 21 CFR, Sec. 740.1, 21 CFR Sec. 740.2, and 21 CFR Sec. 740.10. Regulation 21 CFR Sec. 740.10 specifically states:

"Each ingredient used in a cosmetic product and each finished cosmetic product shall be adequately substantiated for safety prior to **marketing**. Any such ingredient or product whose safety is not adequately substantiated prior to marketing is misbranded unless it contains the following conspicuous statement on the principal display panel: "Warning--The safety of this product has not been determined."

As the petition shows, "Eternity" contains toxic ingredients and ingredients whose safety have not been substantiated. There is no warning label on its packaging.

We all have a right to know the status of safety testing of the ingredients in products such as "Eternity" so that we can protect ourselves and our families from toxic chemicals that may cause health problems.

Sincerely,

Larry Wells
